STOCK MARKET WAS STRONGER.

Demand Was Large for Better Class Stocks.

BETTER PRICES PREVAILED

Park City Issues Led in Activity and Advance in Prices-Many Stocks Trade.

This mornings sesion of the mining exchange resulted in an admirable day's business being recorded. Many stocks were active while in not a few instances marked advances in prices were noted. The bullish element was in almost absolute control of the situation and while many investors and traders realized profits this morning the market displayed considerable strength and prices, much stability. The large outside demand for Utah stocks is having a very favorable effect on the mar-

This morning trading was active all along the line. Ajax, Carisa and Con. Mercur traded at about yesterday's fig-

Daly-West at 51.50; Century at 99 and California at 25%, were active while Martha at 6 and Yankee at 1.00 were

traded in.
On the curb Wabash was decidedly the feature. Sales of the stock aggregating 1,850 shares and prices ranging on a downward scale from 3.25 to 2.90. The stock in several instances was sold the stock for several instances was sold. short. Comstock gained a cent and Daly-West to the extent of 25 shares, brought 51.50; Daly Judge at 11.00 was active and Century at 98 was Furchased on a seller 60 day option. With transactions totalling 34,650 hares and \$20,421, the session closed

HAMMOND IN YALE.

Services of the Great Mining Expert Secured by That Institution.

The last number of the Yale Alun !! Weekly received in this city from New Haven, gives the interesting information that John Hays Hammond, the noted mining expert, well known in this western country, as well as in South Africa, has been appointed professor of mining engineering in the Sheffield A visitor in this city today is Don Scientific school of Yale university. McGuire who has just returned from a Prof. Hammond's engineering abilities trip to California and Nevada. While in

have made him pre-eminent in his profession the world over, and millions of dollars have been hung on his dictum in mine examinations. The last time Prof. Hammond was in Utah he made a hurried examination of the Silver King mine at Park City, and looked over other properties there, with looked over other properties there, with exerce complimentary remark on the Silver complimentary remark on the stock and he reports much activity there.

The \$250,000 plant being constructed under the direction of Charles Butters will be completed within 60 days and he reports much activity there.

looked over other properties there, with very complimentary remark on the Silver King. He also made a careful examination of prominent Bingham properties, and in general is well posted on Utah mining matters. Prof. Hammond graduated from Yale in the class of '76, a class that included, not a few men who became distin-guished in after liffe, such as President A. T. Hadley of Yale university, U. S. Senator John Kean and Congressman C. N. Fowler of New Jeersey Congressman V. H. Metcalf of Commia, Walter Blaine acting secretary of State of the United States, Fred. W Vanderbilt who is expending one mil-lion of dollars in providing Yale with new dormitories, Rev. Father Sherman now one of the most prominent mem-bers of the Jesuit order, Bob Cook, the man who introduced the English system of rowing into this country, C. M. Dawes, general solicitor of the Burling.

Dawes, general solicitor of the Burlington, President Houteling of the Brotherhood of St. Andrew and founder of that well known order. James Brooks Dill, Carnegie's famous afterney and thrice a millionaire. O. T. Bannard president of the Continental Trust company of New York, Mayor W. W. Hyde of Hartford, Con., and others. Prof. Hammond was involved, through no fault of his own, in the dangers attendant on the Jameson raid in South Africa, and for a while his life was in great danger. However, raid in South Africa, and for a while his life was in great danger. However, he was released through influence of Yale friends in this country and by payment of a heavy fine imposed by Oom Paul Kruger. Prof. Hammond received his professional education in the German universities. He is a member of the University club of Salt Lake. ber of the University club of Salt Lake, ber of the University club of Sait Lake, and his many friends here will be pleased to hear of his appointment. Considerable surprise is likely to be expressed that a man of Prof. Hammond's financial resources should accept a college professorship. But his great wealth places him above mere more considerations, and he is of a money considerations, and he is of a nature to go where he can be of the most benefit and good to his fellow man without asking "How much is there in it?" In fact, a classmate says, "It would be just like Hammond to turn his salary back into the college

WILL OPERATE IRON MINE. Billings Property in Tintic Has

Been Leased. Provo, Aug. 22.-An agreement for the lease of the Billings iron mine in Tintic from Eliza Shafer of Salt Lake City to A. A. Noon of Provo has been filed with the county recorder. Mr. Noon is to pay 20 cents per ton royalty on all iron shipped and one-half of the net proceeds of all other minerals that may be found in the mine.

BIG TRIAL PROGRESSING. Bullion Beck-Eureka Hill Case a Fight to Finish.

The hearing of the \$1,000,000 suit for damages case between the Bullion-Beck and Eureka Hill companies still continues before Referee Parley L.

Counsel for the plaintiff W. H. Dickson this morning stated that the various rumors that a compromise has about been made are without foundation. He further states that the case will in all probability be fought to a finish and that the hearing will last all of next week.

UNITED STATES AFFAIRS. Managing Director Holden Busy Preparing for Law Suit.

Managing Director Holden of the United States company came up from Bingham last evening. When seen to-day he stated that very complete preparations are being made for the suit with the Neptune-Kempton, which omes up on Sept. 15, in the federal

Mr. Holden states that work is progressing nicely at the Centennial-Eure-ca and at the United States. The mines are being got in shape for production as quickly as possible. Regarding the Bingham tramway Mr. Holden said that Contractor Burke states that it will be in ready for operation within a

THE SUNSHINE OUTPUT. Manager Moore Has Mill Treating 160 Tons Daily.

Everything at the Sunshine on the West Dip, Mercur are most encouraging, Manager Geo. Moore says. The plant is now treating an average of no fewer than 160 tons of ore daily, while on some days 175 tons have gone through the plant.

The monthly output of gold cyanides exceeds \$12,500. From Mercur come reports to the effect that shortly one and perhaps two other properties will be equipped

with mills similarly constructed. THE WABASH STRIKE.

Some Fine Ore Encountered Northwest Drift.

Asst. Mgr. Daugherty of the Wabash company of Park City stated this morn-ing that a vein more than 28 feet wide

vas broken into on Tuesday on the level of the mine. The strike occurred in the northwest drift, 380 feet from the shaft. Mr. Daugherty says that the vein was encountered after passing through a soft lime formation and that some very

rich ore similar in appearance and value to that in the Silver King was opened

up. Further particulars of the strike have not yet been sent by Mgr. Tre-EAGLE AND BLUE BELL DEAL. Sale of Tintic Property Almost an

Assured Fact. From excellent authority it was learned today that there is little doubt that the option on the Eagle and Blue Bell now held by Col. Heffron will be taken up and \$2.50 a share paid to its

The sampling of the mine has nearly been completed by V. P. Strange and the showing is reported to be most encouraging. Out of the recent strike ore worth no less than \$10,000 has al-ready been taken while the lower grade ore deposits are immense

BIG SALE OF WABASH.

Ten Thousand Shares Loosened Up

For \$25,000. It was reported this morning that a sale of 10,000 shares of Wabash stock was made yesterday at \$2.50 a share Harry Joseph was named as the seller while it is stated that insiders of the company took the stock at the figure named aggregating \$25,000. The sule was a cash proposition.

BACK FROM NEVADA.

Lively on the Comstock Says Don McGuire.

will be treated the immense lowergrade ore deposits of the camp. "They have a secret concentrating process," said he and while the mill is being built by an immense dump there is little doubt are much more extensive. At present about 600 men are at work on the Comstock while about 150 tons of ore is being shipped daily. The ore will run between \$15 and \$150 in values.

MINING NOTES.

Manager McVichle of the Bingham Con, is expected from Boston Tuesday or Wednesday next.

P. J. Donohue of the Western Exploration company's engineering staff has returned from Colorado.

Manager Freudenthal of the E. and F. and Manhattan properties at Ploche left for camp last night.

Ore and bullion settlements in this city yesterday as reported by McCornick and Co., amounted to \$53,500.

The Gemini is making a wonderful record to help which six more cars of fine ore is on today's market. Superintendent John A. Kirby of the

Daly West returned to the mine this morning after a short visit in town. The Atlanta of Idaho and the Columbia of Bingham each have a car of concentrates awaiting settlement to-day.

Manager Bettles of the Newhouse interests here left for Montana last night on a short trip to the Revenue mines.

Grand Central ore to the extent of five carloads will be settled for today as will also one car of Eagle and Blue Bell ore. Manager W. T. Wolverton of the Cave mine in Beaver county came up from camp yetserday for a brief visit in the city on business.

F. J. McShane, nephew of John W. Creighton of Omaha, who is so largely interested in the Wabash, was in the

city yesterday. Broker Harry B. Cole has returned from the Martha Washington at Tintic. He states that the Martha Washington has a considerable quantity of nice silver ore in sight.

Manager Dooley of the Johnny of Stateline came in from camp last even-ing. He states that the mine is in fine condition while the new mill is going up as rapidly as materials ar-

The stock transfer books of the Con Mercur company close next Tuesday to reopen Sept. 10, the day following the distribution of the September dividend

The Taylor and Brunton management reports the following shipments to have been sampled and sent to assay: 12 cars of ore from Tintic; 2 from Bingham, also one car of concentrates from Bingham, and one car of concentrates from Atlanta, Idaho.

Great Bargains for 10 days. Walk-Over Shoe store, 259 Main .

A STRONG TONE.

New York, Aug. 22.-Advances of a point or more in Denver & Rio Grande, Louisville, Norfolk & Western, Chicago & Alton and Wheeling & Lake Erie and an active demand for Ontario & Western gave the opening a strong tone. Colorado Fuel broke to 73% and the entire list fell away. A renewed rise in Denver & Rio Grande and Texas Pacific of over a point and in Wheeling & Lake Erie of 1% caused a rally all around but the market did not recover to the opening level. Pacific Mail, U. S. Express, Fort Worth & Denver City Stamped and the Minneapolis, St. Paul & Sault Ste Marie stocks advanced 1 to 2 points. The coal stocks became the speculative favorites, left by Ontario & Western, which sold at 36¹4, the highest price of the year. Colorado Fuel made a full recovery and Sloss-Sheffield steel pfd and Commercial cables were 2³4 and 7 points higher respectively.

Northwestern lost 3¹4. Trading be-2 points. The coal stocks became the Northwestern lost 31/2. Trading became very dull toward mid-day and the rally was not well held. Bonds firm at noon.

The market became dull and rather heavy. Colorado Fuel reacted 11/2 with a rally of a point and D. & R. G., re-
